

ENVIRONMENTAL POLICY

Orogenic Resources Sdn Bhd, provider of E&P Data Management, Gyro Survey and Laboratory Services is committed to:

- Ensure that all environmental impacts of our activities, services or products are minimal
- Ensure compliance to all applicable legal & other requirements to which we subscribes.
- Minimise waste generation, promoting re-use & recycling of non-renewable resources, reducing energy and reducing harmful emissions.
- Establish and review our environmental objectives and targets.
- Ensure that this policy is communicated to all persons working for or on behalf of the organization including contractors working at our facility
- Ensure that the policy is documented, implemented and maintained.
- Continually improving our environmental performance and the prevention of pollution.
- Ensure that this policy is made available to the public.

The responsibility of application of this policy rests with all personnel.

Ku Izhar Ku Baharudin
Chief Executive Officer
